

# Mellow Yellow Yucca

Plant Natives

Very good heat,  
drought, and humidity  
tolerance.

## *Yucca x recurvifolia* 'Mellow Yellow'

- **Use:** Yucca Mellow Yellow radiates with a golden hue in the sun and lends a unique structure to the landscape with arching leaves an attractive and upright growth habit. This high-performing and water-wise yucca boasts superior heat, drought, and humidity tolerance. Use to create contrasting textures as a garden accent or container plant. A Hans Hansen introduction.
- **Exposure/Soil:** Prefers full sun. Once established needs only occasional water.
- **Growth:** Forms clumps to 4 ft. tall and 3 ft. wide, flower spikes 5 ft. tall.
- **Hardiness:** Zone 6-10 Shrub/Perennial
- **Foliage:** Evergreen. 28" long foliage, bright yellow with a wide central streaked yellow green band. Attractive sword-shaped golden arching leaves give an unusual architectural quality. Plant develops an upright central stalk as it ages.
- **Flower:** White bell shaped flowers in early summer.
