

# Emperor One Japanese Maple

**Graceful and beautiful tree for the garden! Red foliage is a great accent in the landscape.**

## ***Acer palmatum 'Wolff'***

- **Use:** Attractive dark red foliage turns brilliant scarlet in fall. Interesting blackish red bark. Well-suited for use as a small lawn tree. Thrives better in colder climates than most Japanese Maples since leaf buds open later in spring, avoiding danger of late frosts.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry. Will not tolerate soggy or extremely dry soil.
- **Growth:** Upright growing to 15 feet.
- **Hardiness:** Zone 5-8, medium sized tree
- **Foliage:** Deciduous. Red foliage turns scarlet in fall.
- **Flower:** Not known for flowers.
