

Brandywine Maple

Acer rubrum 'Brandywine'

- **Use:** This maple is known for its long lasting, brilliant reddish purple fall color. A medium-sized shade tree, it is perfect for the urban garden. Its bright, enduring fall color begins red and gradually turns brilliant purple red over a long period. This maple was developed by the National Arboretum, and it exhibits significant tolerance to leafhopper, one of the major pests of landscape red maples.
- **Exposure/Soil:** Prefers full sun to part sun. Water regularly, when top 3 in. of soil is dry. Will not tolerate soggy or extremely dry soil.
- **Growth:** Grows 25 feet tall and 12 feet wide which gives it an oval shape.
- **Hardiness:** 4-8, Medium Tree
- **Foliage:** Emerald green leaves in summer and bright enduring fall color that begins red and gradually turns brilliant purple red that persists longer than many rubrums.
- **Flower:** Only male flowers are produced in spring so there are no messy seeds to clean up.
