

# Galilean® Dogwood

## *Cornus kousa 'Galzam'*

- Huge white flowers in late spring that last for weeks
- Glossy green leaves with brilliant red-purple fall color
- Unique layered branching adds winter interest
- Improved, vigorous variety with a strong, upright form

- **Use:** The Galilean® Chinese Dogwood is a show-stopping, four-season ornamental tree with large white blooms, lush foliage, and brilliant fall color! A vigorous, improved selection that grows faster and blooms bigger than the typical kousa—making it a top pick for ornamental impact.
- **Exposure/Soil:** Part sun-shade. Best when planted under other trees, but not too deep a shade or poor flowering. Moist, well-drained soil, but not soggy. Use slow release fertilizer two times a year. Water regularly, when top 3 in. of soil is dry.
- **Growth:** Reaches 20-25' tall and 15-20' wide.
- **Hardiness:** Zone 5-8; Tree
- **Foliage:** Deciduous. Deep hunter green foliage. The peeling gray bark adds an interesting dimension to the landscape.
- **Flower:** Showy white flowers in spring and a strongly horizontal habit of growth. It features an abundance of magnificent red berries from early to mid fall.
