

Infiniti Orchid Crape Myrtle

It makes a great foundation planting, providing interest all year, whether from foliage, flowers or bark.

Lagerstroemia indica 'Infiniti Orchid'

- **Use:** This compact, low arching plant has plenty of showy lavender-purple flowers. This plant fits easily into landscapes and container designs.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
- **Growth:** Grows quickly 2-4' tall and 2-4' wide. Dwarf habit gives that this plant has a wide range of landscape applications. It's a very nice addition to flower gardens as well as landscapes.
- **Hardiness:** Zone 6-12; Shrub
- **Foliage:** Deciduous. Glossy green foliage. Offers excellent fall color.
- **Flowers:** Showy lavender- purple blossoms on a compact plant that's superb for smaller spaces. The flower show begins in summer and carries straight on into fall. Make sure you plant this where it can be seen and enjoyed. There will be jealous admirers.
