

Purple Magic Crape Myrtle

Lagerstroemia indica 'Purple Magic'

- **Use:** This semi dwarf, mid sized Crape Myrtle is a newly developed variety from Plant Introductions, Inc with large clusters of purple flowers.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
- **Growth:** Grows 6-10' tall and 5-6' wide. Shape into a tree by cutting out weak shoots. Handout available on our website.
- **Hardiness:** 6-9; Multi-stemmed large shrub for border or small tree.
- **Foliage:** Deciduous. Reddish new growth, becoming glossy green in summer. Resistant to leaf spot and powdery mildew.
- **Flowers:** Purple blossoms throughout the summer and into late October. Flowers on new growth; prune in late winter

Heat loving small tree with lots of color!
