

Thunderstruck™ Coral Boom™ Crapemyrtle

Lagerstroemia x 'JM5' PP31557

- Why You'll Love It:**
- Year-Round Interest: From its coral blooms in the summer to the rich, bronze foliage in the fall, this Crapemyrtle keeps your garden dressed to impress all year long.
 - Drought Tolerant: Once established, it laughs in the face of dry spells, making it a low-maintenance dream for the forgetful waterer.
 - Pest Resistant: Spend less time worrying about pests and more time enjoying the view. This plant's natural resilience means it's tough where it counts.
- **Use:** Thunderstruck Coral Boom provides a rich visual contrast, with eye-catching black foliage and tons of bright coral blooms. And its impact is long-lasting - you'll get flowers from early summer until the first frost, for months of color. It's drought-tolerant and cold-hardy, with a neat, compact shape that fits well in smaller gardens. You'll have unmatched beauty and effortless growth - especially since this tree matures fast, for a one-of-a-kind look in no time.
 - **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
 - **Growth:** Matures lighting-fast at 12 to 15 feet tall and 8 to 10 feet wide. Handout available on our website.
 - **Hardiness:** Zone 6-9; Large shrub or Tree
 - **Foliage:** Deciduous. Foliage is an intense glossy, ruffled, black.
 - **Flowers:** Masses of bright coral flowers bloom in summer through fall.
