

Thunderstruck™ Lavender Blast™ Crapemyrtle

Why You'll Love It:

- Year-Round Interest: From its cool lavender blooms in the summer to the rich, bronze foliage in the fall, this Crapemyrtle keeps your garden dressed to impress all year long.
- Drought Tolerant: Once established, it laughs in the face of dry spells, making it a low-maintenance dream for the forgetful waterer.
- Pest Resistant: Spend less time worrying about pests and more time enjoying the view. This plant's natural resilience means it's tough where it counts.

Lagerstroemia x 'JM3' PP31555

- **Use:** Masses of lavender flowers bloom on near-black, glossy foliage in summer through fall. Flashy blooms and foliage create a Perfect Storm in the landscape. An excellent choice for deer resistant, drought tolerant, and heat tolerant addition to your landscape.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly. They tolerate clay and alkaline soil well. Prefers not to have water on the leaves.
- **Growth:** This Crapemyrtle matures lightning-fast at 12 to 15 feet tall and 8 to 10 feet wide. Handout available on our website.
- **Hardiness:** Zone 6-9; Large shrub or Tree
- **Foliage:** Deciduous. Foliage is an intense glossy, black.
- **Flowers:** A profusion of soft lavender flowers bloom in summer through fall.
