

Gold Capella Schefflera

Looks amazing next to on a sunny deck in the summer. Bring indoors in winter.

Schefflera arbicola 'Gold Cappela'

- **Use:** So Easy to Grow! They will tolerate hottest sun and humidity. Looks amazing next to a pool or on your deck. Prefers to be root bound so leave it in the pot, if you plant it in the ground. Use for tropical accent and specimen. Bring indoors in the winter. Also a nice houseplant indoors with high light.
- **Exposure/Soil:** Full/part sun; well-draining soil and appreciates slow release fertilizer. Water regularly when top 3in of soil is dry. We recommend our **Pro Mix Soil!** If placing outside after being indoors you will need to slowly acclimate it to the sun over 2 weeks to avoid sunburns.
- **Growth:** Growing to 6 feet tall, 3 to 6 foot spread.
- **Hardiness:** Zone 8/9-11; Houseplant; Tropical
- **Foliage:** Variegated glossy leaves.
- **Flowers:** Not known for flowers.
