

Pinwheel Jasmine

Enjoy in pots on your deck or near the pool to bring a tropical feel to your garden.

Tabernaemontana divaricata

- **Use:** White flowers shaped like pinwheels decorate pinwheel jasmine, a charming, airy shrub that will bloom anywhere - even in partial shade. White goes well with other colors in the garden and can draw attention to a focal point. And white-flowering shrubs like this one make great plants for shadier areas that have little or no color.
- **Exposure/Soil:** Plant in full sun to partial sun. Use slow release or water soluble fertilizer. Keep soil moist watering under leaves and flowers for best results.
- **Growth:** Grows to 1 to 3 ft. tall, 3 ft. wide in one season.
- **Hardiness:** **Zone** 9-11 Tropical, Houseplant
- **Foliage:** Evergreen if brought inside in winter. Glossy, green leaves.
- **Flower:** Nonstop profusion of white flowers and from May until late October!
