

# Asao Clematis

## *Clematis 'Asao'*

- **Use:** A showy, early flowering, compact clematis perfect for small spaces, patios and containers. Masses of very large single flowers with deep pink petals that fade to white towards a yellow center bloom in late spring to early summer. May produce a second flush again in late summer to early fall.
- **Exposure/Soil:** Full sun–shade (not deep shade); Water regularly, when top 3" of soil is dry. Prefers to have its roots shaded and its flowers in the sun in the South.. Use slow release fertilizer twice a year. Once established needs only occasional water.
- **Growth:** Grows 6-8' tall. Compact and also good in a container. Pruning Group 2 - Remove dead and damaged stems before growth begins in early spring. Trim all remaining stems to strong buds. Deadhead to encourage more flowers later in the season.
- **Hardiness:** Zone 4-8; Perennial, Vine
- **Foliage:** Deciduous. Delicate green foliage grows quickly. Compact grower.
- **Flowers:** Bears wide, dark pink sepals that are darkest at their margins. Yellow anthers.

**A must  
have vine in  
the garden  
for begin-  
ner  
Gardeners.**
