

Lady Betty Balfour Clematis

This classic variety, considered by many to be the truest (and most beautiful) Clematis of all!

Clematis 'Lady Betty Balfour'

- **Use:** “Queen of the climbers.” Clematis are prized for their incredible flowers, most as large as your hand. Will train onto trellises, fences, or arch over doorways. Stunning when used alone or when several colors are mixed.
- **Exposure/Soil:** Full sun–shade (not deep shade); Water regularly, when top 3” of soil is dry. Prefers to have its roots shaded and its flowers in the sun. Use slow release fertilizer twice a year. Once established needs only occasional water.
- **Growth:** Fast grower to 8-13 feet long, but still compact enough to be grown in a container. This variety blooms only on the current year's growth. Blooms commence in early summer and continue through to fall. Plants should be cut back in late February or March to two strong sets of buds on each stem as close to ground level as possible.
- **Hardiness:** Zone 4-9; Perennial, Vine
- **Foliage:** Deciduous. Delicate green foliage grows quickly.
- **Flowers:** It blooms 6 to 8-inch, deep purple flowers with creamy white to yellow stamens in late summer. Flowers can become more blue as they mature.
